MUNICIPAL COMMISSIONER,
DAVANGERE CITY MUNICIPALITY

Received letter No H C 102/5-3-54 dated 9-10-53 from the Municipal Commissioner, Karaikudi — recommending that the post of water works Operator in the Municipality may be converted to that of a Fitter Supervisor in grade Rs 50-5-100 + CA of Rs 15/- and that Sri M.R. Srinivasan may be counted against the vacancy with effect from 27-4-53.

2) It is not understood why and how the C.E posted a water inspector to this Municipality where there was no such vacancy and why the Municipal Commissioner took the official on duty when there was no such post. It is also not known at whose instance this particular official was posted to this Municipality. The post of an operator has been created for the specific object of attending to the pumping stations. Re -Conveyance allowance of Rs 15/- P M to Sri M R Srinivasan, Meter Inspector, Davanagere

---

I write to state that Sri M R Srinivasan who was working as a Meter Inspector in the Water Supply Division at Bangalore City Corporation was posted to this Municipality by the Chief Engineer of Mysore, Bangalore in his Memo No 2171-72/Est /52-53 dated 3-1-53 Since there was no vacancy of Meter Inspector in this Municipality, this incumbent was absorbed against the vacancy of an Operator of Davanagere Water Works He has since been doing the work of a Meter Inspector in this Municipality and his work is quite satisfactory

While he was a meter Inspector in the Water Supply Division at Bangalore he was getting a conveyance allowance of Rs 15/- P M and this conveyance allowance drawn by him at Bangalore has also been continued here on the basis of the L P C issued to him at Bangalore But the present vacancy in which this incumbent is absorbed in this Municipality does not carry any conveyance allowance though the duties performed by Sri Srinivasan required him as the Meter Inspector to move daily in every ward of the City ~~daily~~ inevitably for which he will have to be paid a conveyance allowance of Rs 15/- Per month

The Municipal Council considered this question in its meeting held on 18-9-52 and resolved as per copy of resolution No 10 enclosed that since several meters have been installed in this Municipality, that the post of a Meter Inspector is an absolute necessity in this Municipality, that the present vacancy in which the incumbent is absorbed may be designated as that of a Meter Inspector carrying a pay of Rs 50-5-100 plus conveyance allowance

of Rs 15/- P M and that Sri M R Srinivasan may be continued as such in the vacancy, so converted from the date of his reporting to duty in this Municipality i e 27-4-52

I request that sanction of Government may kindly be obtained in the matter and communicated to me early

*****

With reference to your letter No L 9762/C.M.4 53-54 dated 4-11-53, on the above subject, I write to furnish the information as desired

1 The Chief Engineer in his Memo No 7816-18/ 51-52 dated 22-12-51, transferred to Sri , I Rama Rao Operator Davangere Water Works, Harihar as Operateor Water supply Division Bangalore This Offical was drawing a salary of Rs 80/+ D A 23/- in grade 50-5-100 This Official was relieved on forenoon of 1-1-1952. Copies of Memo Numbers, 8295-97/ Establishment dated 16-1-52, and No 2171-73/ Establishment/52-53 dated 3-1-1953, of the Chief Engineer, posting Sri L R Srinivasan in the above place are enclosed for kind information of Government

2 This Official was taken on duty in this Municipality in accordance with the above Memo of the Chief Engineer

3 The Services of this Official were not specifically requisitioned by this Municipality

4 The circumstances under which the services of the Water Inspector were appropriated in view of his employment as operator are briefly as follows:

As the Government in their order No L 1729-90/C M.17/52-53 dated 9-1-1953, directed that in view of the unsatisfactory financial position of this Municipality, a drastic cut on the expenditure side should be effected by way of effective retrenchment in the existing staff, the Municipal Council at their special Meeting on 20-2-1953, resolved that the Services of the Water Inspector, be retrenched The proposals of the Municipal Council were duly sanctioned in Government Order No. 22303-306/ C M.4-52-53, dated 28-3-53 There is only one Junior Water Inspector now in grade 35-5½-50 This Water Inspector joined the services of this Municipality on 17-3-28, on the salary of Rs 25/- He is being continued as a Junior Water Inspector. He has not passed any technical Examinations but was carrying on the work by virtue of his experience and service The pay of this official was fixed in grade 35-5½-50 in Government Order No L 4025-7/ML 105-48-101/ dated 25-3-1949, Davangere City obtains its water supply from a distance of nine Miles from i e , from Harihar There are two pipe lines one of Steel and other of Cast Iron The Steel line was laid in 1927, and the Cast Iron line was laid out 17 years ago. There is a frequent occurence of heavy leaks on the Steel Main Pipe Line, which has become as thin as paper in certain portions. For the information of Government I write to submit that there have occured nearly about 100 leaks during the past 11 Months Besides, numerous complaints are being received from the Citizens within the Municipal Limits of Davangere City about inadequate and nonsupply of water which had to be attended to immedia-tely Further in order to induce Companies, Workshops, Hotels, etc ,

to economically use water meters had to be installed Davangere Ci has a pupulation of about 60,000 persons. This City has 2,000 priv connections and about 175 public fountains The Municipality had 1 13 miles of pipe lines for distributing water to the residences Citizens. It has been found that though the Municipal Council with pious ambition to reduce their expenditure thought of retrenching on of their Water Inspectores yet in practice it has not been possible attend to public complaints regarding water supply line between Hari and Davangere, with the services of one Junior Water Inspector He the services of an extra water Inspector were absolutely nefessary t maintain water supply in the city in a satisfactory condition Sri. M.R Srinivasan joined duty on 27-4-53. The services of the additio Water Inspector were terminated from 1-4-53, on account of the summe and in view of numerous complaints of water trouble in the city and unprecedentedly large No of leaks occuring between Harihar and Davangere, experience proved that it was hardly possible to maintain satisfactory water supply without availing the services of an extra Water Inspector It will therefore, be kindly seen that the above circumstances, warranted the utilisation of the services of the newl posted Water Inspector, to attend to the above troubles, and duties with a view to maintain satisfactory water supply to the city

5 Sri. M.S.Narayanaswamy, Senior Operator is looking after the pumping sets, without any complaint The post of the Operator at Davangere Water Works, Harihar is vacant since 1-1-1952

6. The scale of pay of the Operator is 50-5-100 as that of the water inspector

The proposition statement called for, is submitted for kind information of Government in duplicate.

I therefore, request you kindly to obtain and communicate order of Government sanctioning the C A. of Rs. 15/- to Sri M.R.Srinivasan Water Inspector Davangere from 27-4-53 as resolved by the Municipal Council
